THE APRIL MARKET

April in the Okanagan reflects a clear shift into the spring season, as activity begins to build across the region. As the season progresses, April brings a more active and engaged market environment. Following trends seen throughout 2026 so far, the market continues to show resilience, maintaining a steady and balanced pace. As seasonal engagement increases, more buyers are returning with intent and overall activity is gradually picking up.

RESIDENTIAL MARKET OVERVIEW

According to the Association of Interior REALTORS (the Association), a total of 1,319 residential unit sales were recorded across the Association region in April, up from March's 1,154 units, and up 0.2% compared to units sold in April 2025.

Ryan Mayne, President of the Association, notes that *"with sales closely tracking last year's activity, the Interior real estate market remains comparatively resilient amid other provincial markets that are experiencing increased volatility. With healthy inventory levels, balanced market conditions and prices staying fairly steady, it remains important for sellers to price appropriately at the onset so listings don't go stale."*

INVENTORY

Single-family home inventory in the Central Okanagan totaled 1,274 in April 2026, up 11.9% from last month and down 11.4% versus last year. At 417, inventory within the townhome housing category was up 7.2% versus last month and down 5.2% over last year. Inventory of condominium homes in the Central Okanagan was 794 in April 2026, up 5% over last month but down by 11.2% versus last year.

BENCHMARK PRICE BY PROPERTY TYPE

The benchmark price in the condominium housing category saw a decrease from April 2025, and an increase of 5.45% over last month, coming in at \$497,500.

The Association of Interior REALTORS is a member-based professional organization serving approximately 2,500 REALTORS* who live and work in communities across the interior of British Columbia including the Okanagan Valley, Kamloops and Kootenay regions, as well as the South Peace River region.
